

Service for Kilburn Locality GP Practices

**DO YOU NEED
A DOCTORS or
PRACTICE NURSE
APPOINTMENT
LATE IN THE
EVENING OR AT
THE WEEKENDS?**

The locality GP service is a collaborative project between 12 GP practices in the Kilburn locality. The aim is to provide additional access for GP appointments when your own practice is closed or fully booked.

How do I access this service?

The service is only bookable by your GP practice, please ask the receptionist who will be able to advise you about using this service.

What are the benefits to patients?

- Appointments for GP and Practice Nurse available at times your registered practice is not able to offer e.g. evening appointments, Saturday and Sunday between 9am-3pm.
- No long waits to see the GP or Practice Nurse at your registered practice for an urgent or immediate problem.
- You will be given an appointment time at the service, so no long waits by comparison to attending Walk-in or Urgent Care Centres.
- All consultation details will be shared with your registered GP within 24 hours so your medical record is up to date.
