

To all patients of the Law Medical Group Practice

Are you interested in having a meeting with just patients?

My name is Tessa van Gelderen and I am a patient at the Law Medical Group Practice.

At last Patient Forum, the doctors made a suggestion that we might find it useful to have a get together ourselves to discuss things that concerned us. We can then decide what we need to raise at the following Patient Forum.

I see this first meeting as being very informal and allowing us to have an open discussion about issues that concern us. At the end we can try to formulate how to progress these issues.

I do hope you would be interested in such a meeting. Why not come along and see what happens?

If you are interested, you can contact me on my email:

tessa.van-gelderen@ntlworld.com

Or you can complete the slip below and leave it at reception.

I do hope to hear from you
